

INTERNAL / EXTERNAL CALL

The Institute

The **Research Institute Foundation of the Hospital de la Santa Creu i Sant Pau** (IR Sant Pau) is a scientific foundation whose mission is to improve the health and quality of life of the population through the production and dissemination of scientific knowledge, the training of researchers at an international level, and the promotion of innovation and healthcare by incorporating medical advances into clinical practice and health policies. Created in 1992, it has been an excellence research center affiliated with the Autonomous University of Barcelona (UAB) since 2009 and, since 2011, a CERCA center (Research Centers of Catalonia).

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Digestive Pathology (Portal Hypertension):

AC8- Clinical Researcher

About the Unit / Group:

Digestive Pathology (Portal Hypertension)

The group has several active clinical studies on the impact of etiological treatments on the evolution and potential regression of portal hypertension and chronic liver disease. A licensed specialist in digestive pathology with expertise in managing portal hypertension is required to develop the studies, finalize the involved databases, as well as manage and analyse them.

Essential requirements

- Minimum qualification required: Higher Education (University Degree) in Health Sciences + Medical speciality (MIR)
- Clinical Expertise
- Oral and written knowledge of the two official languages of Catalonia or, failing that, the successful candidate will have to demonstrate, or promise to obtain, within a period not exceeding one year, a correct knowledge of the two official languages of Catalonia.
- Advanced level of English
- Advanced knowledge of office tools (excel, word, power point, etc).

Skills will be valued

- Experience in managing participants with portal hypertension.
- Knowledge of tests used to assess portal hypertension, such as hepatic catheterization or liver elastography.
- Experience in clinical research.

Functions

- Management of clinical, analytical, and complementary test data such as hepatic catheterization, elastography, endoscopy, and imaging tests for active studies analyzing the impact of etiological treatments on the evolution and potential regression of portal hypertension, as well as fibrosis and inflammation in chronic liver disease. This includes obtaining test results, inputting data into databases,

and their detailed updating and completion.

- Management of procedures involved in the group's studies (such as visits or complementary tests), including scheduling and completing case report forms.
- Periodic updating of the schedules for study procedures and databases.
- Analysis of databases from these studies, investigating the impact of etiological treatments on the evolution and potential regression of portal hypertension and chronic liver disease.

Offered

- "Permanent contract linked to the project: 'Evaluation of the impact of etiological treatment on the progression of compensated cirrhosis with portal hypertension.'"
- Work schedule (2 hours/week).
- Salary according to agreement.
- Research Group: Digestive Pathology (Portal Hypertension).

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2025/093**:

(1) Application letter and updated Curriculum Vitae and signed Data Processing Authorization**

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

****It is essential to attach the duly signed data processing authorization (document attached at the end of the call)*****

**The deadline for submitting applications
will end on July 7th , 2025, at 3:00 p.m.**

Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau, sited at C.
