

INTERNAL / EXTERNAL CALL

The Institute

The **Research Institute Foundation of the Hospital de la Santa Creu i Sant Pau** (IR Sant Pau) is a scientific foundation whose mission is to improve the health and quality of life of the population through the production and dissemination of scientific knowledge, the training of researchers at an international level, and the promotion of innovation and healthcare by incorporating medical advances into clinical practice and health policies. Created in 1992, it has been an excellence research center affiliated with the Autonomous University of Barcelona (UAB) since 2009 and, since 2011, a CERCA center (Research Centers of Catalonia).

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research", since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Inflammatory Diseases Group:

T2 – Research Technician

About the Unit / Group:

Research Challenges:

- Involvement of cells and molecules of the innate immune response in the development and control of inflammatory processes, the emergence of autoimmune phenomena, immunodeficiencies, infections, cardiovascular diseases, and tumour development.
- Role of **TLR** and **STAT** signalling in inflammatory diseases.
- Involvement of **STAT** family transcription factors in response to superantigens.
- Study of mechanisms involved in immunodeficiency caused by alterations in the **CD8 α** molecule.
- Involvement of **perivascular adipocytes** and **TLF signalling pathways** in the development of atherosclerosis.
- Inflammation and rejection in heart transplants.
- Effects of immunobiological treatments on immunological variables.
- Analysis of the evolution of immunological parameters and their correlation with clinical response to immunomodulatory treatment.
- Effects of **rituximab**, **tocilizumab**, and **adalimumab** on immunological variables and their correlation with clinical outcomes in patients with inflammatory diseases.

Essential requirements

- Minimum qualification required: Higher education (University Diploma or Bachelor's Degree) or equivalent.
- Oral and written proficiency in both official languages of Catalonia or commitment to acquire adequate knowledge within one year.
- Intermediate level of English.
- Intermediate level in office tools (Excel, Word, PowerPoint, etc.).

Skills will be valued

- Experience in flow cytometry (antibody panel combinations) and analysis software (including t-SNE).
- Proven experience (through publications) in cell cultures with primary cell lines.

Functions

- Perform cell cultures with primary patient lines to determine activation, differentiation, apoptosis, and migration.
- Identify cell subpopulations in biological fluids (intracellular and surface markers).
- Determine concentrations of soluble molecules in biological fluids.

Offered

- Temporary contract due to production circumstances, to support an anticipated workload increase within the Inflammatory Diseases Unit.
- Annual working hours: 1,627.5 hours (37.5 hours/week).
- Salary according to agreement.
- Research Group: Inflammatory Diseases.

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2025/162**:

(1) Application letter and updated Curriculum Vitae and signed Data Processing Authorization**

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

AUTHORISATION FOR PROCESSING PERSONAL DATA

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to dpo@santpau.cat.
