

INTERNAL / EXTERNAL CALL

The Institute

The **Sant Pau Hospital Research Institute Foundation (IR Sant Pau)** is a scientific foundation whose mission is to improve the health and quality of life of the population through the production and dissemination of scientific knowledge, the training of researchers at an international level, and the promotion of innovation and health through the incorporation of medical advances into clinical practice and health policies. Created in 1992, it is a research center of excellence affiliated with the Autonomous University of Barcelona (UAB) since 2009 and, since 2011, a CERCA Center (Research Centers of Catalonia).

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Information Systems Unit:

A3A Junior Administrative Technician (Systems and Helpdesk)

About the (Unit/Group):

The Information Systems Unit is responsible for ensuring that IT systems are reliable, secure, and efficient for all users in the organization.

Technological infrastructure management: Responsible for managing the entire technological infrastructure of the organization, including servers, networks, computers, mobile devices, and operating systems.

Technical support: Provides technical support to internal users, helping them solve technical problems related to the use of information technologies. This may include anything from basic troubleshooting to advanced assistance with specific applications or systems.

Information security: Responsible for ensuring the security and protection of the organization's data and sensitive information. This involves establishing and implementing security policies, conducting audits, managing access control, performing regular backups, and responding to threats or security incidents.

Development and implementation of systems: Collaborates with other areas of the organization to understand needs and requirements related to information systems. Based on this, it develops, implements, and maintains IT systems, applications, and technological solutions necessary for the different departments and processes.

Technology project management: Plays a key role in managing the organization's technology projects, including planning, coordinating, and supervising the implementation of new technologies, system upgrades, data migrations, and other infrastructure-related projects.

In summary, the Information Systems Unit is responsible for ensuring the proper functioning of all IT and technological systems in the organization, as well as providing technical support and solutions to internal users.

AUTHORISATION FOR PROCESSING PERSONAL DATA

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to dpo@santpau.cat.
