

INTERNAL / EXTERNAL CALL

The Institute

The **Research Institute Foundation of the Hospital de la Santa Creu i Sant Pau** (IR Sant Pau) is a scientific foundation whose mission is to improve the health and quality of life of the population through the production and dissemination of scientific knowledge, the training of researchers at an international level, and the promotion of innovation and healthcare by incorporating medical advances into clinical practice and health policies. Created in 1992, it has been an excellence research center affiliated with the Autonomous University of Barcelona (UAB) since 2009 and, since 2011, a CERCA center (Research Centers of Catalonia).

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research", since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Pharmacogenomics and Neurovascular Genetics Research Group:

T2- Research Technician

About the Unit / Group:

Pharmacogenomics and Neurovascular Genetics Research Group (Sant Pau Research Institute)

<https://strokemics.com>

The group's work focuses on studying the factors involved in stroke and cerebral small vessel disease (cSVD) using omics technologies. The team has extensive bioinformatics expertise in Genome-Wide Association Studies (GWAS), Epigenome-Wide Association Studies (EWAS), genetic correlations, multitrait GWAS (MTAG), polygenic risk scores, proteomic studies, and single-cell RNA sequencing. This work results from collaboration with the neurovascular clinical group at the Hospital de la Santa Creu i Sant Pau and international partners, leading to publications in high-impact journals and participation in numerous national and international conferences.

Within this group, research lines on CADASIL and other cSVDs are developed. cSVD affects small arterioles, capillaries, and venules of the brain and is among the most prevalent neurological disorders. The objective is to understand disease mechanisms to identify potential therapeutic targets and surrogate biomarkers. Since 2018, the group has run a specialised clinic at HSCSP, supported since 2022 by highly qualified professionals in genetic analysis and counselling, neuroimaging, psychiatric, and neuropsychological support. A prospective registry of cSVD patients is also maintained, collecting clinical-epidemiological, neuroimaging, and genetic data.

The group collaborates closely with the CADASIL Spain Association and promotes translational research that takes patients' interests and needs into account.

Essential requirements

- Minimum qualification: higher education (university diploma or bachelor's degree) or equivalent
- Degree in Psychology
- Experience with CADASIL patients
- Holding or currently undertaking a Master's degree in Neuropsychology, to be completed before the end of 2026
- Oral and written proficiency in both official languages of Catalonia, or commitment to acquire it within one year
- Intermediate level of English
- Intermediate level of French
- Intermediate proficiency in office software (Excel, Word, PowerPoint, etc.)

- Experience in multicentre studies on rare diseases
- Experience harmonising neuropsychological tests across centres, particularly related to CADASIL
- Experience with REDCap

Skills will be valued

- Willingness to learn bioinformatics
- Interest and availability to undertake a research stay abroad

Functions

- Administration of neuropsychological tests to cSVD patients
- Coordination among centres for the harmonisation of neuropsychological tests

Offered

- Contract linked to the project “CPP2023-010519 Project funded by MCIU/AEI/10.13039/501100011033/FEDER, EU”

- Annual working time of 1,627.50 hours (37.5 hours/week)
- Salary according to the applicable collective agreement
- Research group: Pharmacogenomics and Neurovascular Genetics

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2025/216**:

(1) Application letter and updated Curriculum Vitae and signed Data Processing Authorization**

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

****It is essential to attach the duly signed data processing authorization
(document attached at the end of the call) ****

**The deadline for submitting applications
will end on 12th January , 2026, at 3:00 p.m.**

Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau, sited at C. Sant Quintí, 77-79, 08041, Barcelona, Tel: 93 291 90 50, NIF: G-60136934, as Data Controller and in compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) and the Organic Law 3/2018 of 5th of December, on the protection of personal data and the guarantee of digital rights, will treat your data with the sole purpose of developing this call. The legal basis for this treatment is the article 6.1 a, c and f from the GDPR, giving that we will ask for your consent, the treatment is necessary for the application of precontractual measures and its necessary to satisfy the legitimate interests pursued by the Data Controller.

The data will be kept during the necessary time to develop the call. Data will be treated solely by that areas and services that are allowed to in accordance with their assigned competences and functions. There will be no data cessions made unless there is a legal obligation to do so. You are entitled to exercise the rights of access, rectification, deletion, opposition, limitation and portability. Santa Creu i Sant Pau Hospital Research Institute Foundation

AUTHORISATION FOR PROCESSING PERSONAL DATA

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to dpo_ir@santpau.cat.

Consent

I have been informed about the processing of my data and I consent to the processing:

☐ YES

☐ NO
