**Institut  
de Recerca  
Sant Pau**

## **INTERNAL / EXTERNAL CALL**

### **The Institute**

The **Research Institute Foundation of the Hospital de la Santa Creu i Sant Pau** (IR Sant Pau) is a scientific foundation whose mission is to improve the health and quality of life of the population through the production and dissemination of scientific knowledge, the training of researchers at an international level, and the promotion of innovation and healthcare by incorporating medical advances into clinical practice and health policies. Created in 1992, it has been an excellence research center affiliated with the Autonomous University of Barcelona (UAB) since 2009 and, since 2011, a CERCA center (Research Centers of Catalonia).

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research", since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at Pharmacogenomics and Neurovascular Genetics Group :

### **R2b – Senior Postdoctoral Researcher**

## **About the Unit / Group:**

The Research Group in Pharmacogenomics and Neurovascular Genetics, made up of seven members and led by Dr. Israel Fernández, focuses its research on the genetic and epigenetic studies of stroke. It also investigates the gut microbiota to understand the relationship between these microorganisms and the risk of suffering a cerebrovascular accident. The group's objective is to carry out translational research using these genomic tools, bioinformatic analyses, and functional studies both in vitro and in vivo.

The group participates in several international consortia and is a member of the executive and scientific committees of these consortia. At present, it actively collaborates in four of these organizations, which focus their research on the genetics of stroke and/or related diseases (IGSC, MEGASTROKE, CADISP, and ICPC). The research group was the founder and currently coordinates a national consortium, Genestroke, on the same topic, which brings together the work of around 15 hospitals and research centers across the country.

## **Essential requirements**

- Minimum required qualification: PhD (obtained more than 5 years ago)
- Master's/Postgraduate degree in Palliative Care
- Master's degree in Counseling and Intervention in Grief, Loss, and Trauma
- Accreditation Diploma in the Functional Area of Palliative Care
- Postdoctoral experience with the ability to participate in and/or lead one or more research projects
- Advanced knowledge of English and computer skills
- Oral and written knowledge of Catalonia's two official languages or, otherwise, the selected candidate must demonstrate—or commit to acquiring within a maximum period of one year—a correct knowledge of both official languages in Catalonia.

## Skills will be valued

- Experience providing individual, and also group, psychological support to patients with advanced illnesses, caregivers, and family members.

## Functions

Duties related to genetic small vessel brain disease:

- Designing research projects focused on the social domain.
- Psychological support for the patient from the moment of diagnosis (support in delivering the news, acceptance, management of anxiety, depression, fear, or denial).
- Individual emotional therapy with the patient (during stages in which they still retain the ability for introspection and communication).
- Intensive psychological support for family members and primary caregivers (anticipatory grief, guilt, emotional overload, burnout, anger, exhaustion).
- Facilitating therapeutic groups for family members and caregivers (family school, monthly support groups).
- Psychoeducation for the family about the disease, expected progression, and daily communication and management strategies.
- Non-pharmacological interventions to reduce psychological and behavioral symptoms of dementia (anxiety, apathy, irritability, crying, agitation, insomnia, mild delusional ideas...).
- Support during critical moments (hospital admissions, crises, end of life, difficult decisions).
- Helping the family with ethical and emotional decision-making (residential care, support measures, legal guardianship, advance directives...).
- Coordination with the rest of the team (neurologist, social worker, nursing staff, occupational therapist) to ensure comprehensive care.
- Training clinic staff in empathic communication with people living with dementia and emotional management of difficult situations.

## Offered

- Contract linked to project CPP2023-010519.  
Project CPP2023-010519 funded by MICIU/AEI /10.13039/501100011033 and by FEDER, EU.

- Annual working time of 1,627.50 hours (37.5 hours/week).
- Salary according to the collective agreement.
- Research Group: Pharmacogenomics and Neurovascular Genetics.

## and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address [ir\\_seleccio@santpau.cat](mailto:ir_seleccio@santpau.cat), indicating the reference **2026/025**

### **(1) Application letter and updated Curriculum Vitae and signed Data Processing Authorization\*\***

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

**\*\*It is essential to attach the duly signed data processing authorization  
(document attached at the end of the call) \*\***

**The deadline for submitting applications  
will end on February 18<sup>th</sup>, 2026, at 3:00 p.m.**

*Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau, sited at C. Sant Quintí, 77-79, 08041, Barcelona, Tel: 93 291 90 50, NIF: G-60136934, as Data Controller and in compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) and the Organic Law 3/2018 of 5th of December, on the protection of personal data and the guarantee of digital rights, will treat your data with the sole purpose of*

**PERMANENCE COMMITMENT:** Selected persons who will hold the summoned or vacant position, will not be able to apply for a new call until 1-year period has expired. In case of part-time job positions, this period will be of 6 months. In both cases, the period will compute from the date of publication of the resolution. The vacant summoned, and the ones that derive from it (intern movements), will be successively covered on the same proceeding among the submitted candidates to each particular call, regardless of whether this entails coverage of places in turns other than the call.

Barcelona, 31/12/2025

#### **Human Resources Departament**

Santa Creu i Sant Pau Hospital Research Institute Foundation

### **AUTHORISATION FOR PROCESSING PERSONAL DATA**

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to [dpo@santpau.cat](mailto:dpo@santpau.cat).

#### **Consent**

I have been informed about the processing of my data and I consent to the processing:
