

INTERNAL / EXTERNAL CALL

The Institute

The Sant Pau Research Institute Foundation (IR Sant Pau) is a scientific organization whose mission is to improve health and quality of life through scientific knowledge generation, international researcher training, and innovation in clinical practice and health policy. Established in 1992, it has been affiliated with the Universitat Autònoma de Barcelona since 2009 and is a CERCA center since 2011. Recruitment is conducted through open, transparent, merit-based processes (OTM-R), aligned with EU HR strategy and the European Charter for Researchers and Code of Conduct. The institution holds the HR Excellence in Research award since 2015.

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Movement Disorders Unit:

AC3A- Junior Data Manager

About the Unit / Group:

It is a functional unit of the Neurology Department dedicated to the care of rare diseases presenting with movement disorders. These diseases affect the nervous system and are complex, progressive or genetically determined, and require a multidisciplinary and highly specialized approach for diagnosis, treatment and follow-up.

The diseases addressed in the unit include:

- Huntington's disease
- Forms of atypical parkinsonism
- Early-onset forms of Parkinson's disease
- Ataxias (including hereditary spastic paraplegias)
- Segmental and generalized dystonias
- Neurodevelopmental syndromes with tics such as Gilles de la Tourette syndrome
- Functional or psychogenic disorders with abnormal movement manifestations

Objectives of the unit:

- Provide comprehensive diagnosis and personalized treatment following international standards
- Perform a complete patient evaluation with a multidisciplinary team
- Apply specialized diagnostic and therapeutic techniques
- Facilitate access to new drugs, innovative treatments and clinical trials
- Develop new diagnostic and therapeutic approaches for these diseases

Essential requirements

- Minimum qualification required: Higher Education (Bachelor's Degree, University Degree) in Health Sciences
- Accredited professional experience in clinical trials
- Oral and written knowledge of the two official languages of Catalonia or, failing that, the successful candidate will have to demonstrate, or promise to obtain, within a period not exceeding one year, a correct knowledge of the two official languages of Catalonia.
- Intermediate Level of English
- Advanced knowledge of office tools (excel, word, power point, etc).

Skills will be valued

- Previous experience in clinical research or healthcare management
- Knowledge of Good Clinical Practice (GCP)
- Knowledge of databases
- Advanced level of English for technical platforms and documentation
- Excellent organizational skills and ability to work with multiple tasks

Functions

- Accurate entry of clinical trial data into Electronic Data Capture systems (EDC/CRF)
- Schedule patient visits and coordinate logistics of procedures related to study protocols
- Resolve data queries and discrepancies in collaboration with Clinical Research Associates (CRAs) and study coordinators
- Prepare nursing worksheets and source documentation required for patient visits
- Manage laboratory report processing and administration of vendor portals
- Maintain the Investigator Site File (ISF) and perform final archiving of closed clinical trials
- Carry out strict control of study medication, including tracking, recording and verification of dispensing and return
- Support medication dispensing procedures and perform physical kit counts
- Manage study inventory, including ordering new kits and clinical supplies

- Coordinate the return of equipment and specialized materials after trial completion

Offered

- Permanent contract linked to the project:
- “A Phase I, 2-part study to evaluate the safety, tolerability, pharmacokinetics, and pharmacodynamics of single ascending doses of intrathecally administered RG6496 in a randomized, placebo-controlled, investigator/participant-blind study with an open-label extension in Huntington’s disease gene expansion carriers”
- Annual working hours of 1,627.5 hours (37.5 hours/week)
- Salary according to agreement
- Research Group: Movement Disorders Unit

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2026/044**

(1) Application letter and updated Curriculum Vitae and signed Data Processing Authorization**

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

AUTHORISATION FOR PROCESSING PERSONAL DATA

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to dpo@santpau.cat.
