

INTERNAL / EXTERNAL CALL

The Institute

The **Santa Creu & Sant Pau Hospital Research Institute Foundation** is a scientific foundation which mission is to improve health and quality of life of the population, through the production and dissemination of scientific knowledge, training of researchers to an international standard, and promoting health innovation and the incorporation of medical advances in clinical practice and healthcare policies. Created in 1992, the institute was attached to the Autonomous University of Barcelona (UAB) in 2003, and since 2011 it is part of the Government of Catalonia's CERCA Programme.

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research", since 2015.

The **Santa Creu & Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Complex Disease Genomics Group:

R3B - Research Line Manager

About the Unit / Group:

The Complex Disease Genomics Group at IR Sant Pau is an interdisciplinary translational research team specialized in omics data, molecular biology, statistics, and bioinformatics. It conducts innovative vascular research aimed at translating scientific knowledge into clinical practice, with a strong focus on personalized and precision medicine.

In this context, the objective of this position is to establish a structural role as Research Line Leader (R3B) to ensure the scientific and structural continuity of the line, focused on the pathophysiological and genetic bases of vascular diseases, and to strengthen its competitive positioning.

Essential requirements

- Minimum degree: PhD
- High-quality scientific track record
- Ability to lead a research line within the group's thematic area
- Proven experience in the relevant research field
- Ability to manage the development of the research line and supervise team members
- Capacity to supervise PhD students
- Oral and written knowledge of the two official languages of Catalonia or commitment to acquire them within one year
- Advanced level of English
- Advanced knowledge of office tools (Excel, Word, PowerPoint, etc.)

Skills that will be valued

- Minimum of 5 years' experience leading research lines related to the group's field
- Strong leadership and team management skills
- Ability to establish research synergies across groups and lines
- Leadership and active participation in national and international research networks
- Experience in securing competitive national and international funding
- Contribution to cooperative research projects
- Strong leadership, organizational, communication, critical thinking, problem-solving, and project management skills
- Successful completion of the Miguel Servet Program
- Ability to prioritize effectively and adapt to changing contexts
- Broad knowledge of the group's research area

- Experience supervising doctoral theses
- Experience as a grant evaluator in national and international panels

Functions

- Consolidate the group's research line and design projects aligned with strategic goals
- Define short-, medium-, and long-term objectives
- Apply for national and international public and private funding
- Generate new knowledge through rigorous and interdisciplinary approaches
- Publish scientific articles in high-impact indexed journals
- Present results at conferences and scientific forums
- Communicate scientific advances to society through outreach activities
- Train and supervise undergraduate, master's, and PhD students
- Establish and strengthen collaborations with other research groups
- Participate in scientific networks and interdisciplinary projects
- Ensure applicability of research results and promote knowledge transfer and innovation.

Offered

- Permanent contract
- Annual working hours: 1,627.5 hours (37.5 hours/week)
- Salary according to collective agreement
- Position as Research Line Leader within the Complex Disease Genomics Group

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu & Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2026/049**:

**(1) Application letter and updated Curriculum Vitae
and signed Data Processing Authorization****

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu & Sant Pau Hospital Research Institute Foundation.

AUTHORISATION FOR PROCESSING PERSONAL DATA

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to dpo@santpau.cat.
