

INTERNAL / EXTERNAL CALL

The Institute

The **Hospital de la Santa Creu i Sant Pau Research Institute Foundation** (IR Sant Pau) is a scientific foundation whose mission is to improve the health and quality of life of the population through the production and dissemination of scientific knowledge, the training of researchers at an international level, and the promotion of innovation and health by incorporating medical advances into clinical practice and health policies. Created in 1992, it has been a center of research excellence affiliated with the Autonomous University of Barcelona (UAB) since 2009 and, since 2011, a CERCA center (Catalonia Research Centers).

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research", since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the General and Digestive Surgery Group:

AC3B- Senior Data Manager

About the Unit / Group:

The General and Digestive System Surgery Service is integrated by specialists dedicated to the surgical treatment of digestive, endocrine and abdominal wall diseases. It also offers urgent surgical assistance, within the Emergency Department, to patients in the assigned area.

Main lines of research

- **GASTROINTESTINAL SURGERY**
 - Application of laparoscopic surgery in diseases of the spleen.
 - Application of laparoscopic surgery in disorders of the oesophagogastric junction.
 - Advanced application of colorectal laparoscopy.
 - New stratification and treatment options in colorectal cancer.

- **ONCOLOGICAL AND HEPATOBILIOPANCREATIC SURGERY**
 - Surgery for pancreatic neoplasms
 - Treatment of pancreatic adenocarcinoma using local techniques
 - Surgery for liver metastasis in colorectal cancer.
 - Development of diagnostic and therapeutic techniques in the global context of treatment for liver metastasis in colorectal carcinoma.
 - Surgery for primary hepatic tumours: determination of efficient prognostic parameters for surgical resection of hepatocarcinoma and likelihood of tumour recurrence after resection.
 - Introduction of the laparoscopic methodology to biliary lithiasis.
 - Surgery for sarcomas: participation in GIST research through the Spanish Sarcoma Research Group (GEIS) and other entities.
 - Surgery for sarcomas: participation in the development and results of surgery for retroperitoneal tumours.

- **EMERGENCY CARE**
 - Collaborative project on clinical safety for the introduction of safe practices for polytraumatized patients.

Challenges

- **GASTROINTESTINAL SURGERY**
 - Design, develop and manage a dry laboratory for endoscopic surgery, creating a multifunctional research and teaching space to conduct applied technological research in minimally invasive surgery.

- **HEPATOBILIOPANCREATIC SURGERY**
 - Development of techniques to study liver volume and function.
 - Development of experimental studies on the function and healing of bilio-intestinal sutures.
 - Studies of the value of nutrition in patients undergoing aggressive surgery for highly debilitating cancer.
 - Suitable stratification of GIST tumours in accordance with an anatomopathological classification.
 - Viability of surgical interventions considering the likelihood of disease recurrence.
- **EMERGENCY SURGERY**
 - Consolidation of a multidisciplinary group for polytraumatized patient care.
- **BREAST SURGERY**
 - Technological innovations in surgery.
 - Possible role of genetic studies in diagnosis and follow-up.
- **ENDOCRINAL AND CERVICAL SURGERY**
 - Technical innovations in surgery.

Essential requirements

- Minimum qualification required: Higher Education (Bachelor's Degree, University Degree) in Health Sciences
- Knowledge of Regulatory standards and Clinical Trials under GCP, SOP's (Standard Operating Procedures) and SDV (Source Document Verification)
- Minimum 2 years of accredited professional experience in clinical trials.
- Oral and written knowledge of the two official languages of Catalonia.
- Intermediate-High Level of English.
- Advanced knowledge of office tools (excel, word, power point, etc).
- Previous experience with eCRF and compliance with GCP.
- Previous experience of extracting data from the Hospital IT platform or similar and entering it in the eCRF
- The ability to work with minimal supervision on multiple tasks.

Skills will be valued

- Previous experience or familiarity with projects related to liver, pancreas or bile duct pathology

Functions

- Collection of clinical data from patients using the hospital's IT platform and entering them into the eCRF
- Monitor and schedule, in collaboration with the IP and collaborators, the programming of complementary tests and visits of the patients recruited in the trial
- Collaborate with the clinical investigators in order to have the eCRF updated in a short period after patient's visits
- Discuss with the PI and collaborators the possible deviations from the patient's clinical course and report the AEs and Queries if any.
- Responding to queries arising from the eCRF
- Guarantee that user acceptance testing, data transfer requirements and deployment of clinical trial in site are well defined.
- Develop requirements of edit checks to guarantee high data quality and develop reports
- Coordinate with external clinical research and database analysts in clinical trial databases' design, development, testing and documentation.

Offered

- Permanent contract linked to the project Sistema HistoSonics Edison™ para el tratamiento del adenocarcinoma pancreático mediante histotricia (GANNON)
 - Annual workday of 1.627,50 hours (37,5 hours/week)
 - Remuneration according to collective agreement
 - Research Group: General and Digestive Surgery Group

Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address ir_seleccio@santpau.cat , indicating the reference **2026/050**:

**(1) Application letter and updated Curriculum Vitae
and signed Data Processing Authorization ****

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.

***It is essential to attach the duly signed data processing authorization
(document attached at the end of the call) ***

**The deadline for submitting applications
will end on April 22th, 2026, at 3:00 p.m.**

Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau, sited at C. Sant Quintí, 77-79, 08041, Barcelona, Tel: 93 291 90 50, NIF: G-60136934, as Data Controller and in compliance with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation) and the Organic Law 3/2018 of 5th of December, on the protection of personal data and the guarantee of digital rights, will treat your data with the sole purpose of developing this call. AUTHORISATION FOR PROCESSING PERSONAL DATA

Dear candidate:

The Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, with CIF G-60136934 and registered office at C/ Sant Quintí, 77-79, (08024) Barcelona, as data controller, informs you that it will process your data for the following purposes:

- Receipt of applications.
- Analysis of applications in order to incorporate the worker into the team of the Fundació Institut de Recerca del Hospital de la Santa Creu i Sant Pau, for a current vacancy and for future selection processes that fit your profile.
- To carry out personnel selection processes, as well as to formalise the hiring of the employee, if applicable.
- Comply with the required legal obligations.

The legitimate basis for processing the data is based on the legitimate interest of processing this job offer, in accordance with the provisions of Article 6.1 b) of the General Data Protection Regulation, as your data are necessary for the performance of a contract, which the data subject is a party or for the implementation of pre-contractual measures at his or her request.

However, we inform you that your data (i) will only be processed by those departments or areas of the Institute which, according to their competencies and functions, have an interest in the selection of personnel, (ii) may be communicated to public authorities and organisations, in order to comply with a legal obligation, such as service providers and third parties necessary for the management and execution of the relations derived from the request made and (iii) that they will be kept for the periods foreseen for the prescription of legal responsibilities.

Finally, we inform you that you have the right to access your personal data, to rectify them, to request their deletion, to oppose their processing and to revoke your consent to this processing. In certain circumstances, you may request that we restrict the processing of your personal data, in which case we will only retain your personal data for the exercise or defence of claims. In addition, you have the right to make a complaint to the relevant data protection authority. If you have any questions about the processing of your data you can contact the Entity's Data Protection Officer by sending an email to dpo@santpau.cat.
