

## INTERNAL / EXTERNAL CALL

### The Institute

La **Fundació Institut de Recerca de l'Hospital de la Santa Creu i Sant Pau** (IR Sant Pau) és una fundació de caràcter científic que té com a missió millorar la salut i la qualitat de vida de la població, mitjançant la producció i difusió del coneixement científic, la formació d'investigadors a nivell internacional i el foment de la innovació i la salut mitjançant la incorporació dels avenços mèdics en la pràctica clínica i les polítiques sanitàries. Creat al 1992, és un centre de recerca d'excel·lència adscrit a la Universitat Autònoma de Barcelona (UAB) des de 2009 i, des de 2011, és un centre CERCA (Centres de Recerca de Catalunya).

For the Foundation, it is a priority to ensure that the most suitable candidate is hired to fill a job through an open, transparent and merit-based selection process (OTM-R). Following these guidelines, staff mobility, knowledge exchange and, ultimately, the increase in the quality of teaching and research will be enhanced. Faithful to our commitment to the European Union's human resources strategy, our institution's personnel selection and recruitment procedures are governed by a set of basic principles that guarantee equal access to employability for all. Therefore, the constitutional principles of equality, merit and ability are followed, respecting in all cases the national and international regulations in force in this area, specifically the European Charter for Researchers and the Code of Conduct for the Recruitment of Researchers (C&C). The principles of C&C are applicable to the recruitment of any personnel of the institution, regardless of their professional category. For this reason, our Foundation has obtained the recognition of "Excellence in R+D in Research" granted to the IIB Sant Pau, since 2015.

The **Santa Creu i Sant Pau Hospital Research Institute Foundation** needs to incorporate at the Memory Unit:

**T2 – Research Technician**

## About the Group:

The Memory Unit at the Hospital de la Santa Creu i Sant Pau in Barcelona is a multidisciplinary team within the Neurology Department. We specialize in the diagnosis, treatment, and research of Alzheimer's disease and other neurodegenerative disorders. Our unit combines clinical care with cutting-edge research to improve early detection, monitor disease progression, and develop new therapeutic strategies.

With internationally recognized research programs, advanced biomarker platforms, and strong collaborations, we are committed to advancing precision medicine and providing the highest quality care to patients and families.

## Essential requirements

- Minimum required qualification: Higher Education Degree (University Diploma or Bachelor's Degree) or equivalent.
- Oral and written proficiency in the two official languages of Catalonia or, alternatively, the selected candidate must demonstrate or commit to acquiring adequate proficiency in both official languages within a maximum period of one year.
- Intermediate level of English.
- Intermediate level of office software tools (Excel, Word, PowerPoint, etc.).

## Skills will be valued

- • Laboratory knowledge related to extracellular vesicle isolation, cell cultures, and immunocytochemistry.
- • Bioinformatics knowledge for large-scale data processing and advanced statistical analyses.
- • Previous research stays in research groups.
- • Experience in the field of neurodegenerative diseases.
- 

## Functions

- Isolation of extracellular vesicles from biofluids of individuals with neurodegenerative diseases for the identification of novel diagnostic biomarkers.
- Advanced statistical analyses to determine relationships between biomarkers and clinical and biological variables in large cohorts.

- Identification of new candidate biomarker molecules through multi-omics data analysis.
- Study of molecular functions in cell cultures.

## Offered

- Permanent contract linked to the project “Magnetic Resonance Imaging and Extracellular Vesicle Tau as Diagnostic and Prognostic Biomarkers in 4R-tauopathies”.
- Annual working schedule of 1,627.50 hours (37.5 hours/week).
- Salary according to collective agreement.
- Research Group: Neurobiology of Dementias.

## Documentation and deadline for submission

Interested parties should preferably deliver the documentation (1) in PDF, by e-mail to the Management of the Santa Creu i Sant Pau Hospital Research Institute Foundation, address [ir\\_seleccio@santpau.cat](mailto:ir_seleccio@santpau.cat), indicating the reference **2026/072**:

### (1) Application letter and updated Curriculum Vitae and signed Data Processing Authorization\*\*

At the request of the Santa Creu i Sant Pau Hospital Research Institute Foundation, the candidates must present the documentation accrediting the merits mentioned in the curriculum vitae.

Applications will be resolved within a maximum period of one month from the end of the deadline for submission of documentation. At the end of this period, without having been notified of an express resolution, the interested parties will be entitled to understand that their applications have been rejected.

Santa Creu i Sant Pau Hospital Research Institute Foundation may declare this call for applications closed if, according to its criteria, the candidates does not meet the conditions that the Institution considers necessary to fill the position.

The interpretation of the requirements and their enforceability to the candidates will be exclusive to the Santa Creu i Sant Pau Hospital Research Institute Foundation.
